# PRESS RELEASE

## Linium Hires Infrastructure Expert as VP of Technology Services: Oracle ACE Director Eric Helmer, is one of the nation's leading experts in Oracle-Hyperion's Business Intelligence Infrastructure.

Eric Helmer is a recognized expert in the area of world-class Hyperion Windows and UNIX implementations, and a champion for the free exchange of information on best IT practices around Oracle solutions. A certified graduate of Oracle University (DBA), Eric is well-known in conference circles (Solutions, Collaborate, Kaleidoscope, Open World, etc.), as well as many Oracle users groups around the nation. He is a familiar face within corporate finance offices of the fortune 200 nationwide and around the world. With over 7 years of dedication to Oracle solutions, Eric has participated in Hyperion beta code validation, is specialized in large mission-critical, highly-visible Hyperion implementations, and has complete knowledge transfer and educational services customized for IT in the US, Thailand, Singapore, India, and throughout Europe.

**The addition of Mr. Helmer will compliment Linium's 360 degree total Enterprise Performance approach by offering a full suite of IT services such as:**

- Server sizing and architecture design
- Oracle EPM product upgrades and road mapping
- Advanced Hyperion software installation and configuration
- High availability and clustering solutions
- Disaster Recovery services
- Performance and stability assessments
- Customized worldwide IT and system administration training

### About Eric:

- Holds a B.S. in Computer Science and M.S. in IT Management
- Recognized as a national and world-wide leader in Oracle IT Services
- Creator of The I.T. Side Blog: <http://erichelmer.wordpress.com>
- Recognized by Oracle: Designated Oracle ACE Director
- Board Member, Oracle User Group, Hyperion SIG
- Proven in building world-class IT consulting organizations & service offerings
- Presenter at conferences, such as Hyperion Solutions, Open World, Kaleidoscope, Collaborate
- Certified: SUN, Oracle, Cisco
